

Walking tour of Avignon

3/6 hours

This tour typically runs AM or PM and lasts 3 hours. The Pope's Palace is a large slice of this tour and leaves a small window to the city itself. You can decide to shorten the Pope's Palace and spend more time in town or extend the length of the tour to 6 hours. The "Pont d'Avignon" bridge from the 12th century; The amazing view from the top of the rock "Rocher des Doms"; The main "clock square" and its elegant town hall and stage theatre; The nice cobblestone shopping streets; The very famous Popes' Palace where the popes lived in the 14th century, turning this small and modest town into the prestigious center of the world at the time. A very interesting lavender shop where you can find the essential oil of fine lavender and many other products made from this exceptional flower of Provence. Make your wishlist and let us know!
